Lux Tech Academy JavaScript Boot Camp Learners Project 1.0.0

```html
1  <!DOCTYPE html>
2  <html>
3  <head>
4    <title>Dom Manipulation</title>
5    <meta charset="utf-8">
6    <meta http-equiv="X-UA-Compatible" content="IE=edge">
7    <meta name="viewport" content="width=device-width, initial-scale=1">
8    <meta name="Developed_By" content="#Your Name">
9    <link href="style.css" rel="stylesheet">
10 </head>
11
12 <body>
13   <div class="App">
14     <nav>
15       <p>
16         <!-- Nav Paragraph Tag -->
17       </p>
18     </nav>
19     <!--App Section -->
20     <section id="main">
21       <p>
22         <!--Section  Paragraph Tag-->
23       </p>
24     </section>
25   </div>
26   <script type="text/javascript" src="app.js"></script>
27 </body>
28 </html>
```

- A working directory named **app.** In the app directory Create an index.html file and copy the above code into it.

1). In the paragraphs tags, **<p>,** add the following sentence:

100 Days of code with Lux is a program by lux tech academy which runs for 100 days in each tech it involves 100 day of intensive coding and practise and sharing your progress with peers.

2). Using **document.style.**

    - Set the background Color of the section with id main to Blue,
    - padding to 0px
    - margin to 0px
    - display flex

3). Add a **button** element into the dom with a onclick event listener, which when clicked diplays apop up modal with the following text:

<h2> : Welcome to JavaScript Training BootCamp

<p> : Lux Tech Academy is a free online training BootCamp which have crash and advance coding classes.

How to submit your Work:

Zip the folder and send it to luxtinc@gmail.com

or
